## Entry into Boys 800m Freestyle & Girls 1500m Freestyle Events

Please note that these events will be limited to 3 heats of the Girls 1500m Freestyle and 6 heats of the Boys 800m Freestyle.

In the event of over subscription priority will be given to the faster swimmers in each of the age groups.

### Entry Criteria

As you will be aware the Boys 800m Freestyle and the Girls 1500m Freestyle are still a fairly recent reintroduction into swim meet programmes following a break of several years. As these are still quite 'new' events it is clear that many of our swimmers will not yet have any 'Ranking' times, so entry to these will be by the process described below.

Firstly, can I point out that NO Qualifying or Consideration times have been set for the Boys 800m Freestyle and the Girls 1500m Freestyle events in the Meet Management software. This means that if you run an 'Eligibility Report' on your swimmers in Team Manager or Swim Manager it will show that ALL your 11 and Over swimmers are eligible. **THIS IS NOT THE CASE** so please ignore the eligibility report for these 2 events.

### Boys 800m Freestyle

Boys may submit an entry for the 800m Freestyle if they already have an 800m ranking time or if they have already achieved the Consideration Time for either the 1500m Freestyle or the 400m Freestyle events. (NB They do not have to actually enter the 1500m or 400m events in these championships – they must simply have a 'ranking' time faster than the Consideration Time for their age group in either.)

If submitting a 1500m or 400m time, the club Entry Secretary will need to enter a 'Custom Time' for the 800m Freestyle when preparing the entries in Team Manager or Swim Manager. The custom time may be either the 400m ranking time or the 1500m ranking time.

As it is likely that some of the entries for the Boys 800m will be using a 'proper' 800m time whilst others will be submitting 1500m or 400m custom times, seeding the 800m event becomes rather problematic!!

To overcome these seeding difficulties some (possibly crude) conversions will be made to convert the submitted times to approximate 800m times. For example, a submitted 400m time of 5:00.00 will be converted to an 800m entry time of 10:00.00, whilst a submitted time of 25:00.00 (a 1500m time) would be converted to 13:20.00. Please note: these conversions will be made after data entry at 'our end'. **Entry Secs – Please DO NOT make the conversions prior to submitting your entries.**

### **Girls 1500m Freestyle**

To maintain consistency between girls and boys, girls may submit an entry for the 1500m Freestyle if they already have a 1500m ranking time or if they have already achieved the Consideration Time for either the 800m Freestyle or the 400m Freestyle events. Again, they do not have to actually enter the 800m or 400m events in these championships – they must simply have a ‘ranking’ time faster than the Consideration Time for their age group in either of these events.

If submitting a 800m or 400m time, the club Entry Secretary will need to enter a ‘Custom Time’ for the 1500m Freestyle when preparing the entries in Team Manager or Swim Manager. The custom time may be either a 400m ranking time or a 800m ranking time.

As with the boys, the submitted custom times will be converted to give an approximate equivalent time for 1500m purely to assist in the seeding process. Once again, please note: these conversions will be made after data entry at ‘our end’.

**Entry Secs – Please DO NOT make the conversions prior to submitting your entries.**

**If you are submitting custom times for any of your swimmers then it would be very useful if you could identify in an email which of your swimmers this applies to. This will make it much easier at ‘our end’ to pick out which times need to be converted.**
